A FORCIBLE TALK

REV. R. L. FINCH PREACHES CONVINCING SERMON SUNDAY.

AT CHRISTIAN CHURCH

Speaks of Opinions of Thinkers on the Divinity and Power of Jesus Christ.

Rev. Robert L. Finch of Kansas City, Kan., occupied the pulpit of the First Christian church on Sunday, both morning and evening, and preached two excellent sermons. The church was crowded at both of these services and the closest attention and interest was taken by all in attendance.

At the morning service Rev. Finch gave a very forceable and comvincing talk, reviewing men of the long ago and those of today, scientists, philosophers and artists, and their testimony and opinions of the divinity and power of Jesus Christ. In part, Rev. Finch said:

"In the cathedral tower of Strassburg is a great old clock that had tolled the hour with unceasing regularity for many a year. One day it stopped. The timepiece had become such a companion to the townspeople in its faithful chronicle of the hour, its stopping brought forth unusual commotion. Clockmakers from London, Paris and Vienna were solicited to put it in running order, but each and every one failed. One day an old man—a clockmaker—timidly asked if he might be permitted to enter the tower and repair it, saying he had made the clock. They laughed at him, but so persistently did he appeal to the officers that he was finally permitted, and a short time after he came down with a radiant face. He had touched some delicate adjustment of the mainspring and the chronometer once more 'sprang to life.'

"The social world twenty centuries ago lay dormant. They all could do nothing until Jesus appeared.

"In the fullness of time Jesus came and touched the mainspring—Master, indeed.

"There are those that question the Star of Bethlehem. The real star was Jesus Christ.

"When I bow in the presence of Jesus I acknowledge the greatest miracle ever known, and that is my message I bring to you this morning. I say He brought all power, glory and happiness into the world to those who have accepted Him as their Savior.

"Plato had advocated the art of conduct and had failed because it lacked the energizing force. His social system had come to naught.

"Confuscius sought to give tranquility to the world, and China, after four thousand years, is just emerging from its sleep of death.

"Budda exhorted the people to the surrender of personality—all is sorrow from the cradle to the grave. Jesus Christ has realized the complete surrender of personality through the power of His life.

"Carlyle, a doubter, finally accepted the divinity of Christ and acknowledged the greatness of Jesus.

"Napoleon said: 'Everything in the life of Christ astounds, overawes, confounds me. I know men, and I tell you that Jesus Christ is no mere man.'

"Elizabeth, when she heard Handel's 'Hallelujah Chorus,' was so impressed she arose, with many of her court, and acknowledged Jesus Christ.

"If Jesus had done nothing else when coming into the world other than glorifying womanhood, His mission would have been nearly sufficient.

"I believe Christ's presence and radiance is more imminent in the world today than at any time in history; that His coming has made the world better.

"As He died to make men free, so should we live to inherit the kingdom of heaven."

Mrs. Constine is a Mental Wreck.

R. H. Constine of Topeka, Kan., is in Maryville Monday arranging for the shipment of his household goods to Topeka, Kan. Mr. Constine is the father of the little girl who was accidentally poisoned by strychnine in September, soon after the family moved to Maryville. Mrs. Constine was prostrated by the death of her child, has grown worse gradually, and is now a mental wreck. She fell down stairs a few weeks ago and suffered several broken ribs.

Will Serve Dinner Thursday.

The ladies of St. Patrick's church parish are making preparations to serve dinner and supper Thursday in the Borrusch or Mercantile store building, on West Third street.

MANY PEOPLE IN ATTENDANCE.

Services in Memory of Mrs. C. A. Hawkins Heard by a Large Number of Friends of the Family.

The funeral services at the First Baptist church Sunday afternoon in honor of the late Mrs. C. A. Hawkins were attended by many friends of the family. There was nothing about the services that was suggestive of gloom or sorrow, for the confidence in a Heavenly Father's wisdom and love that had been expressed in the life of her who had passed on to a better home was shown in the songs, the sermon and the many gifts of flowers of such rare beauty are seldom gathered together. And all these things could not fail of their intended use, that of inspiring everyone present to better effort or of seeking the possession of a faith that would sustain and direct one in ways of honor and usefulness.

The pastor, Rev. Louis M. Hale, preached the sermon from the text chosen by Mrs. Hawkins for the sermon, "She hath done what she could." The Scripture lesson from the chapter of the text and the prayer was given by Rev. Robert L. Finch of Kansas City.

The hymns sung by the choir were "Lead, Kindly Light" and "Asleep in Jesus." Mrs. F. P. Robinson sang "There is a Land Mine Eye Hath Seen," by Crowninshield.

Burial took place in Miriam cemetery. Two automobile loads of flowers preceded the funeral procession to the cemetery, and after the services were all over many flowers were sent to sick or shut-in friends of the family. The pall bearers were Charles Hyslop, W. A. Bailey, Fred Kurtz, Ernest J. Andrews, E. L. Andrews and A. W. Hawkins.

Out-of-town relatives attending the services were Mr. and Mrs. Orris F. Saunders and Miss Lucy Saunders of Pickering, Mrs. Clair Andrews of Trenton, Mr. and Mrs. E. J. Andrews of Shenandoah.

REV. COX TO INDIANAPOLIS.

Will Attend Meeting of the Methodist Men From All Over the Country.

Rev. Gilbert S. Cox left Sunday night from Indianapolis, Ind., to attend the national meeting of the Methodist men from all over the country. There will be 1,500 ministers and 1,500 laymen from the Methodist churches at the meeting, and it is the largest Methodist gathering in the country. Rev. Cox will return to Maryville Saturday. J. Arthur Wray was intending to attend the meeting, but sickness prevented him making the trip.

Township Board Met.

The township board was in session Saturday and only routine matters were taken up. The board members will visit a number of sand banks around Maryville to see the quality of the sand and gravel, as they are intending to use same in their bridge work. They will visit the sand banks in the northwest part of the township and also in the southeastern part of the township. If the gravel is all right it will save a great deal to the township in the hauling alone for such a short distance.

Mrs. J. A. Greenlee and son visited in Pickering Saturday with her sister, Mrs. Fred McLarnon, who, with her husband, have just taken charge of the Pickering hotel.

CHILDREN PAROLED

VERDO AND HAZEL SEELY ON TRIAL FOR STEALING PONY.

KEPT IT FOR TWO DAYS

Probate Judge Conn Gave Them Sixty Days to Be Good—Large Crowd at the Trial.

In the juvenile court today, before Probate Judge Conn, trying the cases of Verdo Seely, aged 11 years, and his sister, Hazel Seely, aged 13 years, for taking a Shetland pony from Roy Slauson, the father of the children, John B. Seeley, stated that the children had the devil in them from attending the moving picture theaters in the city. He said that the children had been good up to the time this trouble came up, but it seems from attending these picture shows that they saw and had the wrong influences.

Both children started in September 15 to attend the Normal training school and would drive to school from their home, three miles southwest of Maryville. When the charge of stealing a Shetland pony came up the children were taken out of the Normal training school and sent to the Scudder rural school.

The pony was taken from Roy Slauson, who lives seven miles southwest of the city, on October 1 and was kept two days. It was returned to him, and he claims that the pony had the appearance of having been used very hard. A week or so after that the children made an effort to secure the pony again and were caught in the act by Slauson, who issued the information against them.

According to the story of the children they say that the pony was following them on the road and that they did not know who was the owner of the animal. They took the pony and kept it for two days, and then took it back when it was found that it was Slauson's pony.

The children both stated that they had been absent from school many times while they were going to the Normal. The boy said that they had been out of school eight days, their parents not knowing anything about it until this trouble came up. They told the court that they would attend the picture show here on every Saturday afteroon, being unaccompanied.

W. H. Crawford was the probation officer at the hearing and L. C. Cook represented the children. There were many in attendance at the hearing, including the parents of the children, also their sisters and brothers, and Roy Slauson, who had the information issued against them.

Judgment and sentence was suspended on the two children for sixty days. In other words, they were paroled and will have to report to the court at that time.

ANOTHER CASE IN COURT.

Taylor and Selwyn Adkins and Omrie Smith, All Boys of Graham, Were Up in Court Today.

After the Seely hearing before Probate Judge Conn, the cases of Taylor and Selwyn Adkins and Omrie Smith, all of Graham, were called late this afternoon in juvenile court, before Judge Conn. The Adkins boys are sons of Frank Adkins and are respectively 13 and 10 years old. The Smith boy is a son of Henry Smith and is 16 years old. Their parents live at Graham.

The Smith boy is charged with entering the dwelling house of Ernest G. Hilsabeck in Graham on August 13 and removing from said house two motorcycles and that they were greatly injured and damaged.

Selwyn Adkins is also charged with the same offense as Smith, and also with using profane and vulgar language and habitually wanders about the streets of Graham in night time, and that he is growing up in idleness. The charge against Taylor Adkins is the same as against his brother, Selwyn.

Home From Visiting Trip.

Mr. and Mrs. G. A. Fite have returned from a visit in St. Louis with his daughter, in Monticello, Ill, with relatives of Mrs. Fite whom she had not seen for forty-eight years, and at Mason City, Ill., with a niece of Mr. Fite. They also visited in Chicago on the way home.

From 25 to 40 Bushels of Corn.

Fred Wray, living near Hopkins, was a city visitor Monday. Mr. Wray reports that his corn will average from 25 to 40 bushels an acre, and that all corn in his community is averaging about that much. He says the corn is a good quality.

A NEW ASSOCIATE

H. M'CLARY JOINS GILLAM-JACKSON LOAN AND TRUST CO.

ASSISTANT - TREASURER

Comes From Banking Family Located at Windsor, Vt.—He Has Acquired Stock in Company.

Harvey McClary of Windsor, Vt., arrived in the city the last of last week and will be associated with the Gillam-Jackson Loan and Trust company as its assistant treasurer. Mr. McClary comes of a banking family located at Windsor, Vt., his father and brother having charge of the savings bank and the trust company at that place.

Windsor is a place of about 2,000 population, but the savings bank and trust company have deposits exceeding one and half million dollars, which indicates the confidence the people of that community have in the McClarys. These people and the banking institutions of which they have charge have a large amount of money invested in farm loans in Nodaway county and adjoining counties.

Mr. McClary and his father have acquired stock in both the Gillam-Jackson Loan and Trust company and the First National bank. Before coming here Mr. McClary was for a time in the bank and trust company with his father and brother.

DIES VERY SUDDENLY.

Milton Goff Found in Unconscious Condition Saturday, Dying Soon Afterward.

Milton Goff, a farmer living five miles west of Barnard, was found in an unconscious condition by his little daughter, Saturday afternoon about 1 o'clock in his blacksmith shop near his residence. A physician was summoned at once, but he died in a few minutes after he was brought to his house. His death was caused by heart failure due to a general breaking down of his health. Mr. Goff had not been well for several months.

Funeral services will be held at 11 o'clock Tuesday morning at the Bethany church, southwest of Barnard, and the burial will take place in the cemetery there. Rev. Chapman of Rosendale will have charge of the services and the Modern Woodmen lodge will assist.

Mr. Goff was a native of Illinois and was born in Menard county, fifty-six years ago. He lived there until he was 35 years of age, when he went to Oklahoma, near Kingfisher, and lived for two or three years and then came to Barnard. A year after coming to Barnard he took up his residence on his farm west of that place. He was married November 1, 1885, to Ada A. Wilson of Logan county, Illinois, who survives with three children. He also leaves four brothers.

Mr. Goff was a member of the Christian church and of the Modern Woodmen lodge of Barnard.

TO MOVE HIS OFFICE.

A. F. Harvey Will Have His Law Office Over Gillam-Jackson Loan Company's Office.

Attorney A. F. Harvey will move his law office soon from over the Orear-Henry drug store to an office room over the Gillam-Jackson loan and abstract offices. The building for the loan company will probably be ready for occupancy within the next month. Several delays have been caused owing to the material being several days late in arriving here.

Wins Suits Against St. Joseph.

The firm of Stigall & Otis, composed of Arthur Stigall and M. E. Otis, won a suit in Judge Rusk's division of the Buchanan county circuit court last Thursday, when Mrs. Lillian Hollinger was given a judgment for $1,000 against the city for injuries when an automobile in which she was a passenger overturned in a rut on the streets in that city. Ten jurors signed the verdict, which was for the full amount asked.

Sold One of Their Farms.

Mr. and Mrs. George Greeson, who live one-half mile east of Graham, have sold their 80-acre farm, seven miles southwest of Maryville, to James Pool of near Graham for $10,000. Mr. Pool will take possession January 1.

Grading on Ninth Street.

The work of grading on the extension of Ninth street to the Normal grounds started Monday. It will take several days before the streets is ready to open.

DIED AT COUNTY FARM.

Mrs. Johanna Morrisey Passed Away Sunday Monday Morning—Funeral Probably Tuesday.

Mrs. Johanna Morrisey, who was taken to the county farm a number of weeks ago from her home in Maryville, where she had lived for many years, died at 8:30 o'clock Monday morning. She had been sick for a week, but able sit up in her chair Sunday. On Monday morning she had been helped to her chair by Mrs. Brummett, wife of the superintendent, and was being made ready for her breakfast, when she fainted, and when she was laid back on the bed, suddenly died. Mrs. Morrisey was about 70 years old. She was a native of Watford county, Ireland. She had no living relatives that she knew of. Her husband died a good many years ago.

The funeral services will probably be held Tuesday morning at St. Patrick's Catholic church. Burial in St. Patrick's cemetery.

STILL AFTER SPEEDERS.

The City Authorities to Keep on Watch for Speeding in the City.

The city authorities are still after auto speeding and probably a number of arrests will be made before the last of the week if such speeding keeps up. Many complaints are being made in regard to this matter, and the city officials intend to put a stop to it by fining the guilty ones heavily.

Maryville's traffic policeman, J. H. Blackwell, resigned his position last week and the city is now without an officer of that kind. It is probable no one will be hired to succeed him at this time or during the winter. Much good has been accomplished by Mr. Blackwell and the road laws are being observed better than they were before such an officer was put on duty.

TO OCCUPY PULPIT NEXT SUNDAY.

Prof. Walter S. Athern of Drake University of Des Moines, Ia., Will Preach at Christian Church.

Prof. Walter S. Athern of Drake university of Des Moines, Ia., will occupy the pulpit of the Christian church of this city on next Sunday, both morning and evening. Prof. Athern comes to Maryville to attend the joint teachers' association meeting in session here the latter part of the week. He is on the program for an address at 11 o'clock Saturday morning at the Normal on "The Earmarks of an Educated Man."

Back to Work.

H. F. McDougal returned Saturday from a four weeks' visit in Mercer and Daviess counties. He resumed his work Monday as city editor of the Tribune. He comes back in excellent health.

Here From St. Joseph.

Mrs. Margaret Crockett of St. Joseph is in Maryville on a visit to her son, Ursel Crockett, and several old friends and neighbors.

ARE WORTH STUDY

THE LECTURES BY DR. DODD ON MOSAIC INSTITUTIONS.

TO CLOSE NEXT SUNDAY

People Should Not Miss an Opportunity to Hear This Learned Man.

The lectures on Mosaic Institutions and Old Testament history that are delivered each afternoon by Dr. Samuel Dodds at the union meetings of the First M. E. and Presbyterian churches at the First M. E. church, and also the evening talks, certainly deserve the highest consideration on the part of those who would know more concerning the great fundamental truths contained in the Old Testament Scriptures. These meetings will close on next Sunday.

The thought prevalent to some extent in the world today that the Old Testament Scriptures are out of date and have no bearing upon the Christianity of the present, is one of the great mistakes of modern thinking, or rather want of thinking.

We may not agree with Dr. Dodds' explanation of some difficult old Bible truths, but we cannot escape the impetus to thought, and the compelling power exerted over the minds of thoughtful hearers.

The people of the community, all classes of people, should not lose this opportunity of hearing one of the most learned divines we have ever had among us. Dr. Dodds is perhaps as free from dogmatism as one could possibly be who must certainly be conscious of the fact of the breadth of his grasp of the subjects he handles.

The small hearing compared with the importance of the lectures given in the afternoons is a matter of surprise and may be taken as a criticism either upon our interest in Christianity or upon our ability to think.

These evening lectures should show full houses.

At the service this evening Mrs. F. P. Robinson will sing. It will commence at 7:45.

POLITICAL NOTES.

(From Democratic Press Bureau.)

The American Bankers association may as well subside. It is not going to be allowed to govern this country while the Democratic party is in power. The New York bankers used to govern the United States, but their term of office expired when President Taft went out of office. It is noticeable that the bankers who are fighting President Wilson's currency bill are mostly from New York. The majority of the western bankers have the decency to remember that the money in their vaults belongs to the people who deposited it there and not to a bunch of blue-nosed bankers who make their living by loaning other people's money; and that is why the people are going to control the currency.

"Bring the Gulf of Mexico to St. Louis." That is Governor Major's terse and original version of the "14-feet-through-the-valley" slogan. The governor's "good roads" policy is bringing the St. Louis and Kansas City markets to the door of every farm house in Missouri, and if the governor had as much authority outside the state as he has in it, the tide of ocean commerce would be brought up the Mississippi to the doors of St. Louis.

Missourians, without regard to political affiliation, are with President Wilson and Secretary Bryan in all their dealings with the Mexican situation. Missourians do not want war with the Mexicans or with anybody else, now or at any other time; but, at the same time no state will respond more quickly to any appeal to arms should it become necessary to take the field in defense of American honor and the rights of the American people.

Gricke, the steel trust magnet, gave away fourteen million dollars in wedding presents when his daughter married last week. But the Wilson tariff law will in the future keep some of this money in the pockets of the people. It was a fortunate thing for the people that the government passed into the hands of the Democratic party last year. If the Republicans had retained control for another four years the whole country would have been used up in wedding presents for the children of the trusts.

Mrs. O. W. Clark of St. Joseph returned home Saturday evening from a visit with her parents, Mr. and Mrs. M. S. Moore.

This Week at the Empire.

Monday—Honor Thy Father. A loyal girl promises her dying father never to let his money pass into the hands of his scheming wife and dissipated son. She falls ill, they bully and threaten and finally plan to drug her. The violent measures visited upon her when she escapes, and upon her lover after he takes her part, provide a story packed with rapid action. Cines-Kleine produced this rattling good picture in two reels. The Old Maid's Deception, a Biograph farce comedy full of comical characters.

Tuesday—The Reformation of Dad, a laughable Selig comedy showing how "Dad" was made to sign a pledge by aid of wild animals. The Other Man, Lubin; an extravagant wife learns a lesson. Out of the Jaws of Death, Kalem; the story is of the south, with fine backgrounds, the atmosphere is well sustained.

Wednesday—Building a Trust; an Irish lady and a chink build a laundry trust. At the Lariat's End; this is a thrilling and gripping melodrama of the west. A Gentleman's Gentleman, a story of a society man's ruin.

Thursday—Love's Quarantine a Vitagraph comedy. The Hidden Witness, Kalem drama. The Schoolma'am, Pathe drama.

Friday—The Mothering Heart. Always mothering something the girl came into her own. So through the mother spirit she yielded to her young advisor's persuasions. He was such a sorry young persons. Soon her sacrificing heart brightened the path of the struggling husband—her own heartaches forgotten for her loved one. With prosperity came the idle woman and a young wife's struggle against the truth. A new light broke, then darkened, but shone again the clearer. Pathe Weekly, latest current events of importance.

Saturday—A Modern Garrick, a farce burlesque that will make you laugh. The Mistake, a western offering that is intensely interesting. The Angel of the Slums, a lovely girl finds her right affinity.

ARKOE ITEMS.

Mr. and Mrs. C. J. Patterson of Bolckow visited at the home of Chester Patter Friday.

M. A. Lawrence of Arkoe was visiting in Pickering during the first of last week.

The ladies of Arkoe will give a mask party on next Friday night for the ladies only.

Tom Coulter's sale, which was to have been Monday, has been postponed.

Mrs. Jud Harrison of St. Joseph is visiting in Arkoe at the home of her father.

A musical was given in Arkoe Friday night by Mr. and Mrs. Harvey Wright. Mr. Wright is a blind violinist and his wife is an organist. The prettiest lady there was given a prize by the musicians and the audience constituted the judge and jury by voting for their favorite. Miss Mattie Duke received the prize.

PICKERING ITEMS.

The Sunday school base ball league of Pickering was given an oyster supper Friday night at the Odd Fellows hall. About thirty of the players from the Methodist and Christian churches were present. The supper was served by the Ladies' Aid society of the Christian church.

The Pickering base ball team played the Mt. Pleasant base ball team Friday at Pickering.

The graded schools of Maryville played the graded schools of Pickering Saturday at Pickering, the Pickering school winning by a 3 to 1 score.

Will Visit Newlyweds.

Miss Mabel Vanhorn of Madison, Wis., left for her home Sunday morning after a month's visit with her parents, Mr. and Mrs. J. H. Vanhorn. Miss Vanhorn is making two visits on the way. She is now at Columbus Junction, Ia., visiting her grandmother, Mrs. N. A. Cunningham, and her next visit will be with her sister, Mrs. Earl Greenwood, at Rock Island, Ill. Mr. and Mrs. Greenwood were married in Maryville a month ago. Mrs. Greenwood was Miss Ola Vanhorn.

Missionary Tea Wednesday.

The Woman's Missionary society of the First Baptist church will give a missionary tea Wednesday afternoon at the home of Mrs. A. M. Howard, 628 West First street. The first hour will be a reception for the pastor's wife, Mrs. Louis M. Hale. The women of the church and congregation and their friends are invited to be present. During the business session plans will be made for the Dollar Brigade meeting that will be held in November at the home of Mrs. William Everhart.

Have Guest From China.

Dr. Lena Hatfield of Foochow, China, was the guest of Miss Nelle Elizabeth Evans from Saturday until Monday evening. Dr. Hatfield is on an eighteen months leave of absence. She has been stationed at Foochow as a medical missionary for six years. She arrived a short time ago at her parental home in Chicago, having taken several months on her trip home. She spent three months with friends in Rome and studying methods of missionaries there for carrying on her work and also visited friends for several weeks in Ceylon and Port Said. In Germany she took special medical study in Berlin, and is now taking post-graduate study in Chicago, specializing in the diseases of children. Dr. Hatfield left Monday evening for Topeka, where she will speak before the national meeting of the Woman's Foreign Missionary society, which convenes next week in Topeka.

Married at Minister's Home.

Miss Emma Eaton and Mr. Fred Goff of Barnard were united in marriage Sunday afternoon at 1 o'clock at the home of the officiating clergyman, Rev. Gilbert S. Cox of the First M. E. church. Attending them were Mr. Joseph Eaton, a brother of the bride, and Miss Edna Blagg of Barnard. The bride wore a blue cloth suit with hat and gloves to match. Immediately after the ceremony the wedding party went to the home of the bride's sister, Mrs. Scribner Beech, Jr., where a dinner was served. The dinner was given to celebrate the birthday anniversary of the hostess, the eleventh wedding anniversary of her brother, Charles Eaton, Jr., of Barnard, and the wedding of her sister, Mrs. Goff. The dinner company included Mr. and Mrs. Scribner Beech, Jr., Elizabeth and Marjorie Beach, Mr. and Mrs. Charles Eaton, and Harold Eaton of Barnard, Mr. and Mrs. Fred Goff, Mr. Joseph Eaton and Miss Edna Blagg of Barnard. Late in the afternoon the wedding party returned to Barnard. The bride and groom will be at the home of Mr. Goff's parents, Mr. and Mrs. Theodore Goff, west of Barnard, until the bungalow now being built for them on his farm is completed. The bride is the daughter of Charles H. Eaton of near Barnard. They are among the best young people in the county.

To Our Friends.

To all for sympathy generously expressed and to many for tender services rendered during the sickness and at the death of the one dear to us, we wish we might make suitable acknowledgement.—C. A. Hawkins and family, Clark Andrews and family.

Miss Ada Glass and Misses Mildred, Beulah and Lucile Glass of Hopkins returned home Saturday from a visit with Mr. and Mrs. R. M. Black.

Trudged to School With Broken Arm.

LaVerne Robey, the 8-year-old son of Mayor A. S. Robey, unintentionally turned a somersault on the back stairs of the Robey home Monday morning while hurrying about to start to school, and broke his right arm. After a physician had fitted the broken bone together LaVerne asked to be helped into his overcoat, and gathering up his books under his good arm he trudged off to the Franklin school, looking rather limp and white and somewhat disfigured, "but still in the ring."

Lettuce and carnations. L. M. Strader.

Dr. Lee Won Suit.

In the suit of Dr. F. A. Lee against the city of Skidmore, which came up Monday before Justice R. L. McDougal, judgment was given to Dr. Lee, as the defendant did not enter appearance. The case will probably be appealed to circuit court by the defendant. The suit is over a bill of $6 for services claimed to have been rendered by Dr. Lee while city physician at Skidmore.

Mr. and Mrs. C. T. Barrow, living west of Maryville, will go to Burlington Junction Saturday evening to visit over Sunday with R. L. Byers and family.

Closing Out Sale

Having decided to make a change in my business affairs, I will sell at the farm 1 1-2 mile north on Main street road and one-half mile east of Maryville, Mo., on

Wednesday, October 29, 1913

Commencing at 11 o'clock a. m., the following:

8 Head of Horses

Consisting of 1 span 3 year olds past, 1300 pounds each, black geldings, sound and well broke, an extra good pair.

1 bay mare 4 years old, weight about 1400, well broke, sound and a good one.

1 bay mare about 12 years old, safe in foal to Roelofson's three year old draft horse Kroiseur, works in all harness.

1 dark sorrel mare about 12 years old, safe in foal to Roelofson's standard bred road horse, (State Treasurer 37791) works in all harness, safe for any woman or child to handle.

1 brown mare about 11 or 12 years old, anybody can drive her any place any time, an extra good family mare.

All of the above horses are not afraid of automobiles.

1 bay gelding coming two years old, big draft fellow.

1 weanling mare colt sired by Roelofson's Standard bred horse.

Hay and Grain

About 20 tons hay in barn, part of which is clover, some mixed timothy and clover, 1 staw stack, about 200 bushels Swedish select oats, splendid seed oats.

Farming Implements

1 low wheel wagon with 12-foot box, 1 hay frame, 1 Satley 16-inch sulky plow, 1 new Century cultivator, 1 road wagon, 1 combination hay and grain sheep feed rack, 2 sets heavy farm harness, 1 set single harness, some hog troughs, and other articles too numerous to mention. About 20 cords of wood sawed in stove length.

12 Head of Cattle

8 extra good milch cows, all giving good flow of milk now, one of them a big, fine Jersey cow with heifer calf, calved October 9, 1913. If you want something good look after this cow. Balance cows will be fresh some time during the fall and winter and early spring. All the above cows are good ones and have been money makers for me.

1 two-year-old Jersey heifer, fresh.

3 coming yearling heifer calves, good prospects.

40 or 50 Head of Hogs

Pure bred Poland-Chinas, all registered or eligible to registry, consisting of 5 dandy, good brood sows, now suckling fall pigs and recorded.

10 or 12 head of boars farrowed in April.

About 15 head of Gilts farrowed in April.

Some very choice pigs in this lot and are well worthy of your attention, are bred right and will be big enough for anybody. Sired by Chief Wonder No. 64555 and out of Expansion bred dams. Here is your chance to get some real bargains in pure bred hogs. If you are looking for anything of this kind don't fail to attend this sale. No catalogues, but pedigrees will be furnished and everything guaranteed right.

NOTE—I will also offer at private sale up to sale day the silage in 12x32 Bellow's silo—about 60 or 65 tons, with the privilege to feed same on premises any time up to March 1, 1914. Will furnish barn room and feed lots and plenty of water. See me for particulars.

TERMS—Cash or bankable note, not to exceed 12 months, at 7 per cent per annum from date of sale. Lunch on grounds. This sale will take place regardless of the weather, in the big white barn. Come, rain or shine.

VERY LIGHT VOTE POLLED IN MEXICO

Not Enough Ballots Cast to Choose Huerta's Successor.

GAMBOA AND RASCON IN LEAD

General Diaz Believed to Have Run Second—Catholic Party Will Have Majority in Both Houses of Congress—No Coercion Offered.

Mexico City, Oct. 27.—At the close of the elections the indications were that not sufficient votes had been cast to constitute a legal choice for the presidency to succeed General Victoriano Huerta.

No official count was made, but it is estimated, judging from the results in the capital, where it was expected that the vote would be up to the average, that less than 80,000 eligible voters in the republic went to the polls. It would be no surprise if congress, the members of which were also voted for, declared the election void when the body is organized and revises the returns.

The leaders of the Catholic party claimed a long lead, although they were unable to estimate the number of votes polled for their candidates, Frederico Gambon and General Rascon.

Liberals Have No Printed Ticket.

If this claim is correct, it is generally thought that General Felix Diaz and Senor Requena ran second. The Liberal candidates, Manuel Claero and Flores Magon, had no printed ticket at the polling places, their constituents being obliged to write their names in blank spaces. President Huerta spent the day at his Popotla suburban home.

Since the deputies and senators are not subject to the election provisions governing the presidential elections, it is said that the choice for congress is assured. It is assumed, on the showing so far as known, the Catholic party will secure a majority in both chamber and senate.

From three to five officials, one of whom was designated president, were in attendance at each polling place. These officials represented the various parties and assisted in the preparation of the ballot when necessary, but offered no coercion or suggestion as to how the applicant should vote.

The election officials appeared to be a representative class of citizens. So far as could be ascertained no government employee served in this capacity.

Voting in the Mexican general elections at points along the Texas border excited little interest and the polls closed without serious disorder. At Piedras Negras, opposite Eagle Pass, federal officers cast the votes of the soldiers who formed the bulk of the voters and unofficial returns gave Huerta more than 2,200 of a total of 2,500 votes cast.

General Felix Diaz led the race for the Mexican presidency in the balloting in Juarez.

GENERAL DIAZ QUITS ARMY

Refuses President Huerta's Request to Go to Mexico City.

Vera Cruz, Oct. 27.—The last shred binding General Felix Diaz and President Huerta was severed when General Diaz telegraphed to the department of war his resignation as brigadier general of the army.

The general said nothing of his trip to Mexico City on the invitation of General Huerta. He refused to accompany Colonel Vidaurrazaga, secretary to General Blanquet, war minister, giving as his reason the illness of his wife. Colonel Vidaurrazaga continued his efforts to induce General Diaz to change his decision, but finally left for the capital on a special train. General Diaz and his family remained here.

General Diaz expressed the belief that the war department would grant his application for retirement, although a few of his friends point to the possibility that the answer may come in the form of an order of arrest.

SEVEN BODIES TAKEN OUT

Wall Crashes Down Upon Fifty Firemen at Milwaukee.

Milwaukee, Oct. 27.—Seven dead firemen and twenty-four injured were taken from the ruins of the Goodyear Rubber company plant here, where fire caused a damage of $500,000. It is believed there are several more bodies in the ruins.

The flames broke out on the second floor and while the firemen were fighting the blaze from the front and rear, an explosion sent the walls crashing down on fifty firemen. Windows for blocks around were smashed and the flames spread to adjoining buildings.

Italian Government Wins Elections.

Rome, Oct. 27.—General elections were held throughout Italy. Disorders were not as grave as expected, although one person was killed and wounded. Numerous arrests were made in various quarters. The balloting was light. The government is assured of a large majority. Giovanni Giolitti, the premier, has been reelected, with many members of his cabinet.

Cold and Rain Is Forecast.

Washington, Oct. 27.—Temperatures below normal, with rains throughout the country, this week were forecasted by the weather bureau.

FIVE-MINUTE CURE IF STOMACH IS BAD

When "Pape's Diapepsin" Reaches Stomach All Indigestion, Gas and Sourness Disappears.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

INCOME TAX REGULATIONS

Revised Rules Are Made Public by Treasury Bureau.

MANY CONFERENCES ARE HELD

Detailed Provisions to Guard Against Duplication of Withholding of Tax. Deductions Begin Next Saturday. Agents Must Obtain License.

Washington, Oct. 27.—The treasury department issued the finally revised regulations for deduction of the new income tax at the source on interest maturing on bonds, notes and similar obligations of corporations, joint stock companies or associations and insurance companies, classed by the department under the general term of "debtor" for the collection purposes.

A tax of 1 per cent will be deducted at the sources, beginning next Saturday, from all income accruing and payable to every United States citizen residing at home or abroad and to every person residing in the United States, though not a citizen, which income may be derived from interest upon bonds and mortgages or deeds of trust or other similar obligations, including equipment, trust agreements and receiver's certificates of corporations, joint stock companies or associations and insurance companies, although such interest does not amount to $3,000, government obligations being excepted. Certificates claiming exemption may be filed by bond-holding individuals.

The coupons and registered interest must be accompanied by certificates of ownership signed by each holder of bonds for each separate issue of bonds or obligations of each debtor. If the coupons are not accompanied by the prescribed certificates, the first bank or collecting agency receiving the coupons for collection or otherwise shall deduct and withhold the tax and attach to the coupons its own certificate, with descriptive memoranda. Debtors, whose bonds must be registered, must deduct a tax of 16 per cent of interest accuring on all bonds before sending out checks for the interest to registered owners, or before paying such interest upon interest orders until proper certificates claiming exemption are filed with the debtor or fiscal agent.

Provision of Regulations.

The tax shall not be withheld, the regulations provide, on coupons or registered interest maturing and payable before March 1, 1913, although later presented for payment.

All persons, firms or corporations undertaking for accommodation or profit the collection of coupons, checks or bills of exchange for payment of interest or dividends upon foreign obligations must obtain a license from the internal revenue commissioner and give bond. These licenses first receiving foreign items for collection will withhold the 1 per cent tax and indorse that fact to subsequent holders or purchasers from withholding the tax. There are severe penalties for knowingly making false statements or misrepresentations to obtain any allowance or reduction for himself or any other person.

Nonresident foreigners are not subject to taxation on income from interest-bearing bonds if they furnish proper certificates.

ASK CHURCH TO GO "DRY"

W. C. T. U. Wants Use of Unfermented Wine at Communion.

New York, Oct. 27.—The convention of the World's Woman's Christian Temperance union adopted a resolution requesting the house of bishops of the Protestant Episcopal church to "consider the propriety" of using unfermented wine at the communion in place of fermented wine, "which contains the narcotic poison alcohol."

The resolution was a substitute for one originally offered setting forth that fermented wine "could not truly represent the blood of Christ."

This phrase was objected to by English delegates, who argued that it would antagonize the Church of England. The English delegates also objected to an amendment declaring that "Jesus commanded unfermented wine in the holy communion."

The request of the Woman's Christian Temperance union reached the Episcopal convention two hours before the time set for adjournment. Rev. Dr. Alexander, chairman of the house of deputies, threw up his hands in a gesture of dismay when he was told of the request.

"The good ladies might just as well not have wasted their efforts," he exclaimed. "Why don't they leave these things alone? Of course, we shall not act on it. It is too late now."

Hopes for Church of United States.

Kansas City, Oct. 27.—"The dream of the Congregational church is the unity of the church of Jesus Christ," Rev. Oliver Huckel of Baltimore thus defined the church's position in an address before the national council of the church. "The wisest method of church unity," he said, "is consolidation, with the preservation of the valuable points in each communion, and allowing all churches diversity in worship and work. Such a consolidation would lead to a great national church—the United Church of the United States."

MISSOURI IS EGG CHAMPION.

The Poultry Product of the State in 1912 Was 48,500,000.

Poultry and eggs to the value of $48,678,240 were sold in 1912 by the farmers and poultry raisers of Missouri, according to the tentative figures on this industry given out for publication today by John T. Fitzpatrick, commissioner of the bureau of labor statistics.

The bulletin goes on to state that the shipments of poultry, eggs and feathers from the 114 counties of the state to the larger markets for the same year, were worth $30,902,416. These figures were record breakers and, therefore, mean that Missouri is still the "Poultry Queen of the Union," a title which was bestowed four years ago when Missouri took first rank for this industry over all other states.

Eggs bring in more than all poultry, both in live or in dressed form. The shipments amounted to 105,575,757 dozens, which, at 15 cents a dozen, a low wholesale value for the year around, made them worth $15,836,364. Farmers and poultry raisers sold locally 52,787,878 more dozens. When the shipments and home consumption of eggs are added together, it gives sales amounting to 158,363,635 dozens, valued at $23,754,545.

Every county in Missouri is now a poultry producer, but the Ozark section takes the lead in quantity produced and value. Greene county, with Springfield as the center, for 1912, ranks first in the quantity of eggs shipped out. Returns from the railroad and express agents there show that 8,102,460 dozens left that county in the year.

ATTACKS UPON JEWS FEARED IN RUSSIA

Outrages Appear Likely Whatever Result of Beilis Trial.

Kiev, Oct. 27.—As the trial of Mendel Beilis, charged with murdering the Christian boy, Andrew Yushinsky, in March, 1911, proceeds the uneasy feeling is growing that whatever the result, outbreaks against the Jews will follow. Dispatches from various quarters indicate active preparations in this direction.

The "Black Hundred" organ, the Two Headed Eagle, in an inflammatory article, commenting on alleged Jewish threats against Russia published in the Vinnese press, calls on its readers "to remember always and everywhere the infamous words uttered by Jewish publicists and that the Jews dare to insult the sacred name of our adored emperor and menace his sacred person and the whole imperial family."

Vera Tcheberiak's convict brother, Singaievsky, and his accomplice, Rudzinsky, testified. Vera's brother denied that he had ever seen Yushinsky. Rudzinsky denied knowing Vera.

At the trial two secret police agents, in confirming former Chief of Police Krassovsky's evidence, testified that while posing as criminals they had learned from Singaievsky that he, with Rudzinsky and Latizheff, had killed Yushinsky in Vera's house.

The police arrested many persons in the suburbs of Kiev on the charge of attempting to incite riots against Jews.

FORCES WIFE TO FACE PRISON

St. Louis Man Had Her Start Matrimonial Fraud and She Is Arrested.

St. Louis, Oct. 27.—Mrs. Stella Trelleford, twenty years old and the mother of two children, was arrested on a federal indictment, charging her with using the mails to defraud men with whom she carried on matrimonial correspondence.

Many letters and the books in which was a detailed account of correspondence with more than 100 men were seized.

Her husband, who is nineteen years older than she, told the police that an injury to his shoulder made it impossible for him to work at his trade and that he had forced his wife to start a matrimonial bureau, through which she could ask men for money.

PASTOR GLAD HE WAS ROBBED

Pickpocket Takes a Bible Thinking it a Purse.

Cleburne, Tex., Oct. 27.—The Rev. B. E. Dawson, pastor of the Field Street Baptist church, is pleased because he was robbed. He only hopes that the thief will make good use of what he stole. For his pocket was picked of a bible, a compact edition appearing more like a purse, and no doubt the "dip" mistook if for a purse. Mr. Dawson now carries another bible in his pocket and is willing to be robbed again.

Runaway Convicts Captured.

Auburn, Cal., Oct. 27.—William Rodriguez, Tom Samuel and sixteen-year old Norman Hair, three Folsom penitentiary convicts, who escaped from the prison Friday after overpowering Guard Morse and taking his rifle and ammunition, were captured in a house near Rattlesnake bridge, in Eldorado county, by Sheriff McAuley of Placer county and two deputies. The convicts made no resistance.

Wilson Cheered by Southerners.

Atlanta, Oct. 27.—Thousands of southern folk gathered in great cheering throngs to welcome President Wilson to Dixie land as he sped through North and South Carolina and Georgia, en route to the southern commerce commission at Mobile, where he will speak.

HOW A BROOKLYN GIRL

Got Strong and Well Again.

Grace D. Lamb of Brooklyn, N. Y., says: "I was all run down and on the verge of nervous prostration. I could not sleep for pain in my back. In all I was a wreck. A friend told me what Vinol had done for her little girl so I tried it. I noticed an improvement after the first bottle. I could sleep well, my appetite improved, and after taking three bottles I am strong and well again."

Vinol is the most efficient strength creator for such women. It is the medicinal elements of the cod's livers contained in Vinol aided by the blood making and strengthening properties of tonic iron which makes it so far superior to all other tonics to build up health and strength for weak, tired, ailing women. It contains no oil and has a delicious taste.

We give back your money if Vinol does not do all that we claim. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

Mrs. F. W. Vandersloot left Monday morning for a visit with her brother, W. S. A. Hart of Holden, Mo., and with her sisters, Mrs. S. C. Sutton of Kansas City, and Mrs. B. McHatton of Odessa.

Fred Lewis returned Sunday night from a visit with St. Joseph friends since Friday evening. He attended the big ball game Saturday.

THE COUNTRY SCHOOL BUILDINGS

Public Health Board Says the Average District School Building is Unsanitary.

The following article on school sanitation is taken from the Missouri state board of health quarterly bulletin and should be read by every school patron in the county:

A few years ago nearly if not all of the county medical societies of the state made a strenuous endeavor to hold joint public health meetings with teachers' institutes. Some of the more aggressive societies succeeded in holding one, some two meetings—nothing has been heard of them since. The county superintendents gave half-hearted support in a few instances, but in the majority of cases no support was given. The public school teachers were, as a rule, wholly indifferent to the benefits that might have resulted from the scientific study and discussion of school sanitation and school hygiene, and the old-time condition of improperly ventilated and poorly heated and lighted school buildings remains. The average district school building in this state is not a credit to the intelligent citizenship of the commonwealth.

The best index to the community health is the physical welfare of school children," and it may be said that the careless methods of constructing and locating school buildings and the indifferent manner in which wells and privies are placed on public school grounds and cared for, is a sad commentary on the intelligence of boards of education and the patrons of our schools, as well as an evidence of their indifference to the health of the school children of the state.

It is a well known fact that the average teacher in our public schools gives scant attention to the study and teaching of hygiene. Whether this subject is less interesting than others is not known. Some teachers claim that it is neglected because of an overcharged curriculum; that they are required to teach more subjects than the time allowed permits. If the latter is true, in the name of common justice to our children let us change the curriculum and give this, the most important study, the right of way; if the former be true, that it is a less interesting study, something should be done by our textbook commissions to remedy it by selecting such textbooks on hygiene as may be taught and studied with greater interest. While the lack of proper instruction in hygiene in the public schools may be overcome by instruction children receive in their homes, yet nothing that parent or guardian can do at home lessens the danger to the health of the child that is brought about by a source of infection present in or about school buildings and premises. How seldom are school buildings fumigated, even during epidemics of contagious diseases in the community. How frequently do we find a cistern or well so near the privy that contamination of the water is almost certain, or so close to the door of the building that expectoration frequently finds its way into the well. The common drinking cup should be abolished from the school room, for the mouths and noses of children who may have recovered from a number of childhood diseases still harbor the germs, and the drinking cup and towel too often aid in spreading the malady. The eyes of scores of children are permanently damaged by improper lighting of school buildings.

Many a school building in the country is located on a tract of land donated by some generous farmer who does not consider the location with reference to its healthfulness, but rather because it does not mar the beauty of his farm nor deprive him of a fertile acre.

When will the people wake up to the fact that the protection and promotion of the health of the child in our public schools is paramount, and that the very future of our country depends upon the healthfulness of the youth of the land?

GUARDS AND STRIKERS BATTLE IN COLORADO

One Deputy is Killed and One Striker is Missing.

Ludlow, Colo., Oct. 27.—A general battle between strikers, mine guards and deputy sheriffs was waged for twelve hours in Berwin canon, at Hastings, and in the vicinity of the Colorado and Southern station at Ludlow. One mine guard was killed and, according to union men, one striker is missing. The situation is extremely critical.

More than 700 armed strikers are reported to be in the field against the mine guards.

Armed strikers patrol the entire district in the vicinity of Ludlow and communication with the camps of the Cedar Hill, Tollerbugh, Berwin, Hastings, Delegua and Tobasco has practically been cut off.

The firing started in the vicinity of the Colorado and Southeastern bridge, the scene of Saturday's battle. The guards, it appears, retreated in the direction of Cedar Hill and Tobasco.

At daylight the strikers from the Ludlow tent colony made their way along the hills past Cedar Hill to Tobasco and opened a heavy fire on that camp. The guard who was killed was struck while returning the fire of the strikers near the mine tipple at Tobasco.

The final skirmish of the day was an attack by the strikers, near Barnes station, on a passing Denver and Rio Grande train which the strikers declared was carrying nine guards.

JEWELER PROVES BURGLAR

years William Bastian has been ac Gold Without Question.

San Francisco, Oct. 27.—For five Government Mint Accepted Melted cepted by business men of this city as a responsible citizen, with a profitable wholesale jewelry business. His property investments have been numerous and large; thousands of dollars have been sent by him to support his mother in Germany and his young sister has had the best educational and social advantages.

Today he lies in the city prison, a confessed robber with a record covering many years, captured by a pet bull pup who penned him in a corner as he stole through a back yard in the night.

"My work has been so easy it has been laughable," Bastian told the detectives when he finally broke down. "I have never been disturbed while at work. The people I did business with believed me to be what I represented myself absolutely. Jewelers bought my diamonds and the mint took my melted gold without question.

"I have always been a natural thief and I have found it easy to steal things. But I am averse to killing or injuring. I had never been in a position where I had to shoot until Friday. My reluctance to use my revolver caused my capture."

Waterflow Valve Breaks.

Ogden, Utah, Oct. 27.—Breaking of a huge valve controlling the waterflow of the Utah Light and Railway company's power plant on the outskirts of this city, wrecked the equipment and badly demolished the building of that corporation, threw two-thirds of Ogden into darkness for nearly six hours, stopped all street car traffic, generally demoralized business and caused the flooding of many blocks surrounding the plant. The total damage is estimated at $150,000.

A FORCIBLE TALK

REV. R. L. FINCH PREACHES CONVINCING SERMON SUNDAY.

AT CHRISTIAN CHURCH

Speaks of Opinions of Thinkers on the Divinity and Power of Jesus Christ.

Rev. Robert L. Finch of Kansas City, Kan., occupied the pulpit of the First Christian church on Sunday, both morning and evening, and preached two excellent sermons. The church was crowded at both of these services and the closest attention and interest was taken by all in attendance.

At the morning service Rev. Finch gave a very forceable and comvincing talk, reviewing men of the long ago and those of today, scientists, philosophers and artists, and their testimony and opinions of the divinity and power of Jesus Christ. In part, Rev. Finch said:

"In the cathedral tower of Strassburg is a great old clock that had tolled the hour with unceasing regularity for many a year. One day it stopped. The timepiece had become such a companion to the townspeople in its faithful chronicle of the hour, its stopping brought forth unusual commotion. Clockmakers from London, Paris and Vienna were solicited to put it in running order, but each and every one failed. One day an old man—a clockmaker—timidly asked if he might be permitted to enter the tower and repair it, saying he had made the clock. They laughed at him, but so persistently did he appeal to the officers that he was finally permitted, and a short time after he came down with a radiant face. He had touched some delicate adjustment of the mainspring and the chronometer once more 'sprang to life.'

"The social world twenty centuries ago lay dormant. They all could do nothing until Jesus appeared.

"In the fullness of time Jesus came and touched the mainspring—Master, indeed.

"There are those that question the Star of Bethlehem. The real star was Jesus Christ.

"When I bow in the presence of Jesus I acknowledge the greatest miracle ever known, and that is my message I bring to you this morning. I say He brought all power, glory and happiness into the world to those who have accepted Him as their Savior.

"Plato had advocated the art of conduct and had failed because it lacked the energizing force. His social system had come to naught.

"Confuscius sought to give tranquility to the world, and China, after four thousand years, is just emerging from its sleep of death.

"Budda exhorted the people to the surrender of personality—all is sorrow from the cradle to the grave. Jesus Christ has realized the complete surrender of personality through the power of His life.

"Carlyle, a doubter, finally accepted the divinity of Christ and acknowledged the greatness of Jesus.

"Napoleon said: 'Everything in the life of Christ astounds, overawes, confounds me. I know men, and I tell you that Jesus Christ is no mere man.'

"Elizabeth, when she heard Handel's 'Hallelujah Chorus,' was so impressed she arose, with many of her court, and acknowledged Jesus Christ.

"If Jesus had done nothing else when coming into the world other than glorifying womanhood, His mission would have been nearly sufficient.

"I believe Christ's presence and radiance is more imminent in the world today than at any time in history; that His coming has made the world better.

"As He died to make men free, so should we live to inherit the kingdom of heaven."

Mrs. Constine is a Mental Wreck.

R. H. Constine of Topeka, Kan., is in Maryville Monday arranging for the shipment of his household goods to Topeka, Kan. Mr. Constine is the father of the little girl who was accidentally poisoned by strychnine in September, soon after the family moved to Maryville. Mrs. Constine was prostrated by the death of her child, has grown worse gradually, and is now a mental wreck. She fell down stairs a few weeks ago and suffered several broken ribs.

Will Serve Dinner Thursday.

The ladies of St. Patrick's church parish are making preparations to serve dinner and supper Thursday in the Borrusch or Mercantile store building, on West Third street.

MANY PEOPLE IN ATTENDANCE.

Services in Memory of Mrs. C. A. Hawkins Heard by a Large Number of Friends of the Family.

The funeral services at the First Baptist church Sunday afternoon in honor of the late Mrs. C. A. Hawkins were attended by many friends of the family. There was nothing about the services that was suggestive of gloom or sorrow, for the confidence in a Heavenly Father's wisdom and love that had been expressed in the life of her who had passed on to a better home was shown in the songs, the sermon and the many gifts of flowers of such rare beauty are seldom gathered together. And all these things could not fail of their intended use, that of inspiring everyone present to better effort or of seeking the possession of a faith that would sustain and direct one in ways of honor and usefulness.

The pastor, Rev. Louis M. Hale, preached the sermon from the text chosen by Mrs. Hawkins for the sermon, "She hath done what she could." The Scripture lesson from the chapter of the text and the prayer was given by Rev. Robert L. Finch of Kansas City.

The hymns sung by the choir were "Lead, Kindly Light" and "Asleep in Jesus." Mrs. F. P. Robinson sang "There is a Land Mine Eye Hath Seen," by Crowninshield.

Burial took place in Miriam cemetery. Two automobile loads of flowers preceded the funeral procession to the cemetery, and after the services were all over many flowers were sent to sick or shut-in friends of the family. The pall bearers were Charles Hyslop, W. A. Bailey, Fred Kurtz, Ernest J. Andrews, E. L. Andrews and A. W. Hawkins.

Out-of-town relatives attending the services were Mr. and Mrs. Orris F. Saunders and Miss Lucy Saunders of Pickering, Mrs. Clair Andrews of Trenton, Mr. and Mrs. E. J. Andrews of Shenandoah.

REV. COX TO INDIANAPOLIS.

Will Attend Meeting of the Methodist Men From All Over the Country.

Rev. Gilbert S. Cox left Sunday night from Indianapolis, Ind., to attend the national meeting of the Methodist men from all over the country. There will be 1,500 ministers and 1,500 laymen from the Methodist churches at the meeting, and it is the largest Methodist gathering in the country. Rev. Cox will return to Maryville Saturday. J. Arthur Wray was intending to attend the meeting, but sickness prevented him making the trip.

Township Board Met.

The township board was in session Saturday and only routine matters were taken up. The board members will visit a number of sand banks around Maryville to see the quality of the sand and gravel, as they are intending to use same in their bridge work. They will visit the sand banks in the northwest part of the township and also in the southeastern part of the township. If the gravel is all right it will save a great deal to the township in the hauling alone for such a short distance.

Mrs. J. A. Greenlee and son visited in Pickering Saturday with her sister, Mrs. Fred McLarnon, who, with her husband, have just taken charge of the Pickering hotel.

CHILDREN PAROLED

VERDO AND HAZEL SEELY ON TRIAL FOR STEALING PONY.

KEPT IT FOR TWO DAYS

Probate Judge Conn Gave Them Sixty Days to Be Good—Large Crowd at the Trial.

In the juvenile court today, before Probate Judge Conn, trying the cases of Verdo Seely, aged 11 years, and his sister, Hazel Seely, aged 13 years, for taking a Shetland pony from Roy Slauson, the father of the children, John B. Seeley, stated that the children had the devil in them from attending the moving picture theaters in the city. He said that the children had been good up to the time this trouble came up, but it seems from attending these picture shows that they saw and had the wrong influences.

Both children started in September 15 to attend the Normal training school and would drive to school from their home, three miles southwest of Maryville. When the charge of stealing a Shetland pony came up the children were taken out of the Normal training school and sent to the Scudder rural school.

The pony was taken from Roy Slauson, who lives seven miles southwest of the city, on October 1 and was kept two days. It was returned to him, and he claims that the pony had the appearance of having been used very hard. A week or so after that the children made an effort to secure the pony again and were caught in the act by Slauson, who issued the information against them.

According to the story of the children they say that the pony was following them on the road and that they did not know who was the owner of the animal. They took the pony and kept it for two days, and then took it back when it was found that it was Slauson's pony.

The children both stated that they had been absent from school many times while they were going to the Normal. The boy said that they had been out of school eight days, their parents not knowing anything about it until this trouble came up. They told the court that they would attend the picture show here on every Saturday afternoon, being unaccompanied.

W. H. Crawford was the probation officer at the hearing and L. C. Cook represented the children. There were many in attendance at the hearing, including the parents of the children, also their sisters and brothers, and Roy Slauson, who had the information issued against them.

Judgment and sentence was suspended on the two children for sixty days. In other words, they were paroled and will have to report to the court at that time.

ANOTHER CASE IN COURT.

Taylor and Selwyn Adkins and Omrie Smith, All Boys of Graham, Were Up in Court Today.

After the Seely hearing before Probate Judge Conn, the cases of Taylor and Selwyn Adkins and Omrie Smith, all of Graham, were called late this afternoon in juvenile court, before Judge Conn. The Adkins boys are sons of Frank Adkins and are respectively 13 and 10 years old. The Smith boy is a son of Henry Smith and is 16 years old. Their parents live at Graham.

The Smith boy is charged with entering the dwelling house of Ernest G. Hilsabeck in Graham on August 13 and removing from said house two motorcycles and that they were greatly injured and damaged.

Selwyn Adkins is also charged with the same offense as Smith, and also with using profane and vulgar language and habitually wanders about the streets of Graham in night time, and that he is growing up in idleness. The charge against Taylor Adkins is the same as against his brother, Selwyn.

Home From Visiting Trip.

Mr. and Mrs. G. A. Fite have returned from a visit in St. Louis with his daughter, in Monticello, Ill, with relatives of Mrs. Fite whom she had not seen for forty-eight years, and at Mason City, Ill., with a niece of Mr. Fite. They also visited in Chicago on the way home.

From 25 to 40 Bushels of Corn.

Fred Wray, living near Hopkins, was a city visitor Monday. Mr. Wray reports that his corn will average from 25 to 40 bushels an acre, and that all corn in his community is averaging about that much. He says the corn is a good quality.

A NEW ASSOCIATE

H. M'CLARY JOINS GILLAM-JACKSON LOAN AND TRUST CO.

ASSISTANT - TREASURER

Comes From Banking Family Located at Windsor, Vt.—He Has Acquired Stock in Company.

Harvey McClary of Windsor, Vt., arrived in the city the last of last week and will be associated with the Gillam-Jackson Loan and Trust company as its assistant treasurer. Mr. McClary comes of a banking family located at Windsor, Vt., his father and brother having charge of the savings bank and the trust company at that place.

Windsor is a place of about 2,000 population, but the savings bank and trust company have deposits exceeding one and half million dollars, which indicates the confidence the people of that community have in the McClarys. These people and the banking institutions of which they have charge have a large amount of money invested in farm loans in Nodaway county and adjoining counties.

Mr. McClary and his father have acquired stock in both the Gillam-Jackson Loan and Trust company and the First National bank. Before coming here Mr. McClary was for a time in the bank and trust company with his father and brother.

DIES VERY SUDDENLY.

Milton Goff Found in Unconscious Condition Saturday, Dying Soon Afterward.

Milton Goff, a farmer living five miles west of Barnard, was found in an unconscious condition by his little daughter, Saturday afternoon about 1 o'clock in his blacksmith shop near his residence. A physician was summoned at once, but he died in a few minutes after he was brought to his house. His death was caused by heart failure due to a general breaking down of his health. Mr. Goff had not been well for several months.

Funeral services will be held at 11 o'clock Tuesday morning at the Bethany church, southwest of Barnard, and the burial will take place in the cemetery there. Rev. Chapman of Rosendale will have charge of the services and the Modern Woodmen lodge will assist.

Mr. Goff was a native of Illinois and was born in Menard county, fifty-six years ago. He lived there until he was 35 years of age, when he went to Oklahoma, near Kingfisher, and lived for two or three years and then came to Barnard. A year after coming to Barnard he took up his residence on his farm west of that place. He was married November 1, 1885, to Ada A. Wilson of Logan county, Illinois, who survives with three children. He also leaves four brothers.

Mr. Goff was a member of the Christian church and of the Modern Woodmen lodge of Barnard.

TO MOVE HIS OFFICE.

A. F. Harvey Will Have His Law Office Over Gillam-Jackson Loan Company's Office.

Attorney A. F. Harvey will move his law office soon from over the Orear-Henry drug store to an office room over the Gillam-Jackson loan and abstract offices. The building for the loan company will probably be ready for occupancy within the next month. Several delays have been caused owing to the material being several days late in arriving here.

Wins Suits Against St. Joseph.

The firm of Stigall & Otis, composed of Arthur Stigall and M. E. Otis, won a suit in Judge Rusk's division of the Buchanan county circuit court last Thursday, when Mrs. Lillian Hollinger was given a judgment for $1,000 against the city for injuries when an automobile in which she was a passenger overturned in a rut on the streets in that city. Ten jurors signed the verdict, which was for the full amount asked.

Sold One of Their Farms.

Mr. and Mrs. George Greeson, who live one-half mile east of Graham, have sold their 80-acre farm, seven miles southwest of Maryville, to James Pool of near Graham for $10,000. Mr. Pool will take possession January 1.

Grading on Ninth Street.

The work of grading on the extension of Ninth street to the Normal grounds started Monday. It will take several days before the streets is ready to open.

DIED AT COUNTY FARM.

Mrs. Johanna Morrisey Passed Away Sunday Monday Morning—Funeral Probably Tuesday.

Mrs. Johanna Morrisey, who was taken to the county farm a number of weeks ago from her home in Maryville, where she had lived for many years, died at 8:30 o'clock Monday morning. She had been sick for a week, but able sit up in her chair Sunday. On Monday morning she had been helped to her chair by Mrs. Brummett, wife of the superintendent, and was being made ready for her breakfast, when she fainted, and when she was laid back on the bed, suddenly died. Mrs. Morrisey was about 70 years old. She was a native of Watford county, Ireland. She had no living relatives that she knew of. Her husband died a good many years ago.

The funeral services will probably be held Tuesday morning at St. Patrick's Catholic church. Burial in St. Patrick's cemetery.

STILL AFTER SPEEDERS.

The City Authorities to Keep on Watch for Speeding in the City.

The city authorities are still after auto speeding and probably a number of arrests will be made before the last of the week if such speeding keeps up. Many complaints are being made in regard to this matter, and the city officials intend to put a stop to it by fining the guilty ones heavily.

Maryville's traffic policeman, J. H. Blackwell, resigned his position last week and the city is now without an officer of that kind. It is probable no one will be hired to succeed him at this time or during the winter. Much good has been accomplished by Mr. Blackwell and the road laws are being observed better than they were before such an officer was put on duty.

TO OCCUPY PULPIT NEXT SUNDAY.

Prof. Walter S. Athern of Drake University of Des Moines, Ia., Will Preach at Christian Church.

Prof. Walter S. Athern of Drake university of Des Moines, Ia., will occupy the pulpit of the Christian church of this city on next Sunday, both morning and evening. Prof. Athern comes to Maryville to attend the joint teachers' association meeting in session here the latter part of the week. He is on the program for an address at 11 o'clock Saturday morning at the Normal on "The Earmarks of an Educated Man."

Back to Work.

H. F. McDougal returned Saturday from a four weeks' visit in Mercer and Daviess counties. He resumed his work Monday as city editor of the Tribune. He comes back in excellent health.

Here From St. Joseph.

Mrs. Margaret Crockett of St. Joseph is in Maryville on a visit to her son, Ursel Crockett, and several old friends and neighbors.

ARE WORTH STUDY

THE LECTURES BY DR. DODD ON MOSAIC INSTITUTIONS.

TO CLOSE NEXT SUNDAY

People Should Not Miss an Opportunity to Hear This Learned Man.

The lectures on Mosaic Institutions and Old Testament history that are delivered each afternoon by Dr. Samuel Dodds at the union meetings of the First M. E. and Presbyterian churches at the First M. E. church, and also the evening talks, certainly deserve the highest consideration on the part of those who would know more concerning the great fundamental truths contained in the Old Testament Scriptures. These meetings will close on next Sunday.

The thought prevalent to some extent in the world today that the Old Testament Scriptures are out of date and have no bearing upon the Christianity of the present, is one of the great mistakes of modern thinking, or rather want of thinking.

We may not agree with Dr. Dodds' explanation of some difficult old Bible truths, but we cannot escape the impetus to thought, and the compelling power exerted over the minds of thoughtful hearers.

The people of the community, all classes of people, should not lose this opportunity of hearing one of the most learned divines we have ever had among us. Dr. Dodds is perhaps as free from dogmatism as one could possibly be who must certainly be conscious of the fact of the breadth of his grasp of the subjects he handles.

The small hearing compared with the importance of the lectures given in the afternoons is a matter of surprise and may be taken as a criticism either upon our interest in Christianity or upon our ability to think.

These evening lectures should show full houses.

At the service this evening Mrs. F. P. Robinson will sing. It will commence at 7:45.

LAND IN NEW YORK TODAY.

Fr. Anselm of St. Mary's Church and Sister Catharine of St. Francis Hospital Returning from Europe.

Rev. Fr. Anselm, pastor of St. Mary's Catholic church of this city, who has been visiting his mother in Lucerne, Switzerland, and Sister Catharine of St. Francis hospital, who has been visiting her parents in Germany, were expected to land in New York today.

Rev. Mother Augustine of St. Francis hospital, who left Maryville Wednesday night for New York City, will meet them on their arrival and accompany them home. They are expected to arrive here by Friday or Saturday.

TO BE SHIPPED THIS WEEK.

A Car of Provisions to Be Sent to the Orphans' Home in St. Louis.

The car of provisions to be shipped to the Orphans' home at St. Louis will be loaded at the Wabash depot in Maryville, November 1 and 3. If it is more convenient for anyone to bring their donation earlier in the week it may be left at the Frost building, first door west of the Alderman dry goods store. The key will be at J. R. Brink's.

C. R. HARMAN.

Farms Sold.

George Greenson's farm of eighty acres was sold this week to James Pool of near Graham. The farm is located southwest of the city and the consideration was $10,000. The sale was made through Cox & Groves, real estate dealers of Maitland. Another sale made by this firm was that of selling John Evans' farm to C. C. Dougherty of Graham.

Guests of Miss Hope.

POLITICAL NOTES.

(From Democratic Press Bureau.)

The American Bankers association may as well subside. It is not going to be allowed to govern this country while the Democratic party is in power. The New York bankers used to govern the United States, but their term of office expired when President Taft went out of office. It is noticeable that the bankers who are fighting President Wilson's currency bill are mostly from New York. The majority of the western bankers have the decency to remember that the money in their vaults belongs to the people who deposited it there and not to a bunch of blue-nosed bankers who make their living by loaning other people's money; and that is why the people are going to control the currency.

"Bring the Gulf of Mexico to St. Louis." That is Governor Major's terse and original version of the "14-feet-through-the-valley" slogan. The governor's "good roads" policy is bringing the St. Louis and Kansas City markets to the door of every farm house in Missouri, and if the governor had as much authority outside the state as he has in it, the tide of ocean commerce would be brought up the Mississippi to the doors of St. Louis.

Missourians, without regard to political affiliation, are with President Wilson and Secretary Bryan in all their dealings with the Mexican situation. Missourians do not want war with the Mexicans or with anybody else, now or at any other time; but, at the same time no state will respond more quickly to any appeal to arms should it become necessary to take the field in defense of American honor and the rights of the American people.

Fricke, the steel trust magnet, gave away fourteen million dollars in wedding presents when his daughter married last week. But the Wilson tariff law will in the future keep some of this money in the pockets of the people. It was a fortunate thing for the people that the government passed into the hands of the Democratic party last year. If the Republicans had retained control for another four years the whole country would have been used up in wedding presents for the children of the trusts.

Mrs. O. W. Clark of St. Joseph returned home Saturday evening from a visit with her parents, Mr. and Mrs. M. S. Moore.

This Week at the Empire.

Monday—Honor Thy Father. A loyal girl promises her dying father never to let his money pass into the hands of his scheming wife and dissipated son. She falls ill, they bully and threaten and finally plan to drug her. The violent measures visited upon her when she escapes, and upon her lover after he takes her part, provide a story packed with rapid action. Cines-Kleine produced this rattling good picture in two reels. The Old Maid's Deception, a Biograph farce comedy full of comical characters.

Tuesday—The Reformation of Dad, a laughable Selig comedy showing how "Dad" was made to sign a pledge by aid of wild animals. The Other Man, Lubin; an extravagant wife learns a lesson. Out of the Jaws of Death, Kalem; the story is of the south, with fine backgrounds, the atmosphere is well sustained.

Wednesday—Building a Trust; an Irish lady and a chink build a laundry trust. At the Lariat's End; this is a thrilling and gripping melodrama of the west. A Gentleman's Gentleman, a story of a society man's ruin.

Thursday—Love's Quarantine a Vitagraph comedy. The Hidden Witness, Kalem drama. The Schoolma'am, Pathe drama.

Friday—The Mothering Heart. Always mothering something the girl came into her own. So through the mother spirit she yielded to her young advisor's persuasions. He was such a sorry young persons. Soon her sacrificing heart brightened the path of the struggling husband—her own heartaches forgotten for her loved one. With prosperity came the idle woman and a young wife's struggle against the truth. A new light broke, then darkened, but shone again the clearer. Pathe Weekly, latest current events of importance.

Saturday—A Modern Garrick, a farce burlesque that will make you laugh. The Mistake, a western offering that is intensely interesting. The Angel of the Slums, a lovely girl finds her right affinity.

ARKOE ITEMS.

Mr. and Mrs. C. J. Patterson of Bolckow visited at the home of Chester Patter Friday.

M. A. Lawrence of Arkoe was visiting in Pickering during the first of last week.

The ladies of Arkoe will give a mask party on next Friday night for the ladies only.

Tom Coulter's sale, which was to have been Monday, has been postponed.

Mrs. Jud Harrison of St. Joseph is visiting in Arkoe at the home of her father.

A musical was given in Arkoe Friday night by Mr. and Mrs. Harvey Wright. Mr. Wright is a blind violinist and his wife is an organist. The prettiest lady there was given a prize by the musicians and the audience constituted the judge and jury by voting for their favorite. Miss Mattie Duke received the prize.

PICKERING ITEMS.

The Sunday school base ball league of Pickering was given an oyster supper Friday night at the Odd Fellows hall. About thirty of the players from the Methodist and Christian churches were present. The supper was served by the Ladies' Aid society of the Christian church.

The Pickering base ball team played the Mt. Pleasant base ball team Friday at Pickering.

The graded schools of Maryville played the graded schools of Pickering Saturday at Pickering, the Pickering school winning by a 3 to 1 score.

The Kidd Will Probated.

The will of Wm. W. Kidd, which was written on July 25, 1913, was filed in probate court today. All personal property, both real and personal, was given to Delilah M. Kidd. At her death the estate will go to the children. Several bequests were made: Charles Nebergall $1, Grace Benton $100, W. L. Kidd $600, and $200 annually until demise of mother; Flora Kidd $200, and $52 annually. At the death of Mrs. Kidd the executor is instructed to sell all property and to divide it share and share alike among Albert, Wm. L., John E. Kidd, Nancy E. Young, Nettie R. Dovenspike, Flora M. Kidd and Grace B. Dovenspike. W. L. Kidd was named as executor.

The witnesses to the will were C. D. Koch, Warren Jones and Charles Hyslop.

Is Wife of St. Joseph's Mayor.

Mrs. C. A. Pfeiffer of St. Joseph, who was a guest in the home of her brother, Dr. C. D. Koch, last week, returned home Saturday evening. Mrs. Pfeiffer is the wife of Mayor C. A. Pfeiffer of St. Joseph.

Sunday Dinner Guests.

Mr. and Mrs. Edward Ekley entertained at 1 o'clock dinner Sunday Mr. and Mrs. W. O. Garrett and children, Mr. and Mrs. George Stafford, Mr. and Mrs. Charles Eckert and children and Mr. and Mrs. L. H. Frazee.

Dudley Buck Was Her Director.

Mrs. W. A. Bailey of this city, during her high school days in her native city, Hartford, Conn., was a member of the Beethoven Choral society, of which Dudley Buck, the lamented composer and song writer, was director. He was a young man then and just getting started in his musical career. Mrs. Bailey knew Mr. Buck as most of us know Mr. Perry O. Landon of the Maryville Conservatory.

Will Visit Newlyweds.

Miss Mabel Vanhorn of Madison, Wis., left for her home Sunday morning after a month's visit with her parents, Mr. and Mrs. J. H. Vanhorn. Miss Vanhorn is making two visits on the way. She is now at Columbus Junction, Ia., visiting her grandmother, Mrs. N. A. Cunningham, and her next visit will be with her sister, Mrs. Earl Greenwood, at Rock Island, Ill. Mr. and Mrs. Greenwood were married in Maryville a month ago. Mrs. Greenwood was Miss Ola Vanhorn.

Missionary Tea Wednesday.

The Woman's Missionary society of the First Baptist church will give a missionary tea Wednesday afternoon at the home of Mrs. A. M. Howard, 628 West First street. The first hour will be a reception for the pastor's wife, Mrs. Louis M. Hale. The women of the church and congregation and their friends are invited to be present. During the business session plans will be made for the Dollar Brigade meeting that will be held in November at the home of Mrs. William Everhart.

Have Guest From China.

Dr. Lena Hatfield of Foochow, China, was the guest of Miss Nelle Elizabeth Evans from Saturday until Monday evening. Dr. Hatfield is on an eighteen months leave of absence. She has been stationed at Foochow as a medical missionary for six years. She arrived a short time ago at her parental home in Chicago, having taken several months on her trip home. She spent three months with friends in Rome and studying methods of missionaries there for carrying on her work and also visited friends for several weeks in Ceylon and Port Said. In Germany she took special medical study in Berlin, and is now taking post-graduate study in Chicago, specializing in the diseases of children. Dr. Hatfield left Monday evening for Topeka, where she will speak before the national meeting of the Woman's Foreign Missionary society, which convenes next week in Topeka.

Married at Minister's Home.

Miss Emma Eaton and Mr. Fred Goff of Barnard were united in marriage Sunday afternoon at 1 o'clock at the home of the officiating clergyman, Rev. Gilbert S. Cox of the First M. E. church. Attending them were Mr. Joseph Eaton, a brother of the bride, and Miss Edna Blagg of Barnard. The bride wore a blue cloth suit with hat and gloves to match. Immediately after the ceremony the wedding party went to the home of the bride's sister, Mrs. Scribner Beech, Jr., where a dinner was served. The dinner was given to celebrate the birthday anniversary of the hostess, the eleventh wedding anniversary of her brother, Charles Eaton, Jr., of Barnard, and the wedding of her sister, Mrs. Goff. The dinner company included Mr. and Mrs. Scribner Beech, Jr., Elizabeth and Marjorie Beach, Mr. and Mrs. Charles Eaton, and Harold Eaton of Barnard, Mr. and Mrs. Fred Goff, Mr. Joseph Eaton and Miss Edna Blagg of Barnard. Late in the afternoon the wedding party returned to Barnard. The bride and groom will be at the home of Mr. Goff's parents, Mr. and Mrs. Theodore Goff, west of Barnard, until the bungalow now being built for them on his farm is completed. The bride is the daughter of Charles H. Eaton of near Barnard. They are among the best young people in the county.

Trudged to School With Broken Arm.

LaVerne Robey, the 8-year-old son of Mayor A. S. Robey, unintentionally turned a somersault on the back stairs of the Robey home Monday morning while hurrying about to start to school, and broke his right arm. After a physician had fitted the broken bone together LaVerne asked to be helped into his overcoat, and gathering up his books under his good arm he trudged off to the Franklin school, looking rather limp and white and somewhat disfigured, "but still in the ring."

Dr. Lee Won Suit.

In the suit of Dr. F. A. Lee against the city of Skidmore, which came up Monday before Justice R. L. McDougal, judgment was given to Dr. Lee, as the defendant did not enter appearance. The case will probably be appealed to circuit court by the defendant. The suit is over a bill of $6 for services claimed to have been rendered by Dr. Lee while city physician at Skidmore.

Mr. and Mrs. C. T. Barrow, living west of Maryville, will go to Burlington Junction Saturday evening to visit over Sunday with R. L. Byers and family.

Closing Out Sale

Having decided to make a change in my business affairs, I will sell at the farm 1 1-2 mile north on Main street road and one-half mile east of Maryville, Mo., on

Wednesday, October 29, 1913

Commencing at 11 o'clock a. m., the following:

8 Head of Horses

Consisting of 1 span 3 year olds past, 1300 pounds each, black geldings, sound and well broke, an extra good pair.

1 bay mare 4 years old, weight about 1400, well broke, sound and a good one.

1 bay mare about 12 years old, safe in foal to Roelofson's three year old draft horse Kroiseur, works in all harness.

1 dark sorrel mare about 12 years old, safe in foal to Roelofson's standard bred road horse, (State Treasurer 37791) works in all harness, safe for any woman or child to handle.

1 brown mare about 11 or 12 years old, anybody can drive her any place any time, an extra good family mare.

All of the above horses are not afraid of automobiles.

1 bay gelding coming two years old, big draft fellow.

1 weanling mare colt sired by Roelofson's Standard bred horse.

Hay and Grain

About 20 tons hay in barn, part of which is clover, some mixed timothy and clover, 1 staw stack, about 200 bushels Swedish select oats, splendid seed oats.

Farming Implements

1 low wheel wagon with 12-foot box, 1 hay frame, 1 Satley 16-inch sulky plow, 1 new Century cultivator, 1 road wagon, 1 combination hay and grain sheep feed rack, 2 sets heavy farm harness, 1 set single harness, some hog troughs, and other articles too numerous to mention. About 20 cords of wood sawed in stove length.

12 Head of Cattle

8 extra good milch cows, all giving good flow of milk now, one of them a big, fine Jersey cow with heifer calf, calved October 9, 1913. If you want something good look after this cow. Balance cows will be fresh some time during the fall and winter and early spring. All the above cows are good ones and have been money makers for me.

1 two-year-old Jersey heifer, fresh.

3 coming yearling heifer calves, good prospects.

40 or 50 Head of Hogs

Pure bred Poland-Chinas, all registered or eligible to registry, consisting of 5 dandy, good brood sows, now suckling fall pigs and recorded.

10 or 12 head of boars farrowed in April.

About 15 head of Gilts farrowed in April.

Some very choice pigs in this lot and are well worthy of your attention, are bred right and will be big enough for anybody. Sired by Chief Wonder No. 64555 and out of Expansion bred dams. Here is your chance to get some real bargains in pure bred hogs. If you are looking for anything of this kind don't fail to attend this sale. No catalogues, but pedigrees will be furnished and everything guaranteed right.

NOTE—I will also offer at private sale up to sale day the silage in 12x32 Bellow's silo—about 60 or 65 tons, with the privilege to feed same on premises any time up to March 1, 1914. Will furnish barn room and feed lots and plenty of water. See me for particulars.

TERMS—Cash or bankable note, not to exceed 12 months, at 7 per cent per annum from date of sale. Lunch on grounds. This sale will take place regardless of the weather, in the big white barn. Come, rain or shine.

VERY LIGHT VOTE POLLED IN MEXICO

Not Enough Ballots Cast to Choose Huerta's Successor.

GAMBOA AND RASCON IN LEAD

General Diaz Believed to Have Run Second—Catholic Party Will Have Majority in Both Houses of Congress—No Coercion Offered.

Mexico City, Oct. 27.—At the close of the elections the indications were that not sufficient votes had been cast to constitute a legal choice for the presidency to succeed General Victoriano Huerta.

No official count was made, but it is estimated, judging from the results in the capital, where it was expected that the vote would be up to the average, that less than 80,000 eligible voters in the republic went to the polls. It would be no surprise if congress, the members of which were also voted for, declared the election void when the body is organized and revises the returns.

The leaders of the Catholic party claimed a long lead, although they were unable to estimate the number of votes polled for their candidates, Federico Gamboa and General Rascon.

Liberals Have No Printed Ticket.

If this claim is correct, it is generally thought that General Felix Diaz and Senor Requena ran second. The Liberal candidates, Manuel Claero and Flores Magon, had no printed ticket at the polling places, their constituents being obliged to write their names in blank spaces. President Huerta spent the day at his Popotla suburban home.

Since the deputies and senators are not subject to the election provisions governing the presidential elections, it is said that the choice for congress is assured. It is assumed, on the showing so far as known, the Catholic party will secure a majority in both chamber and senate.

From three to five officials, one of whom was designated president, were in attendance at each polling place. These officials represented the various parties and assisted in the preparation of the ballot when necessary, but offered no coercion or suggestion as to how the applicant should vote.

The election officials appeared to be a representative class of citizens. So far as could be ascertained no government employee served in this capacity.

Voting in the Mexican general elections at points along the Texas border excited little interest and the polls closed without serious disorder. At Piedras Negras, opposite Eagle Pass, federal officers cast the votes of the soldiers who formed the bulk of the voters and unofficial returns gave Huerta more than 2,200 of a total of 2,500 votes cast.

General Felix Diaz led the race for the Mexican presidency in the balloting in Juarez.

GENERAL DIAZ QUITS ARMY

Refuses President Huerta's Request to Go to Mexico City.

Vera Cruz, Oct. 27.—The last shred binding General Felix Diaz and President Huerta was severed when General Diaz telegraphed to the department of war his resignation as brigadier general of the army.

The general said nothing of his trip to Mexico City on the invitation of General Huerta. He refused to accompany Colonel Vidaurrazaga, secretary to General Blanquet, war minister, giving as his reason the illness of his wife. Colonel Vidaurrazaga continued his efforts to induce General Diaz to change his decision, but finally left for the capital on a special train. General Diaz and his family remained here.

General Diaz expressed the belief that the war department would grant his application for retirement, although a few of his friends point to the possibility that the answer may come in the form of an order of arrest.

SEVEN BODIES TAKEN OUT

Wall Crashes Down Upon Fifty Firemen at Milwaukee.

Milwaukee, Oct. 27.—Seven dead firemen and twenty-four injured were taken from the ruins of the Goodyear Rubber company plant here, where fire caused a damage of $500,000. It is believed there are several more bodies in the ruins.

The flames broke out on the second floor and while the firemen were fighting the blaze from the front and rear, an explosion sent the walls crashing down on fifty firemen. Windows for blocks around were smashed and the flames spread to adjoining buildings.

Italian Government Wins Elections.

Rome, Oct. 27.—General elections were held throughout Italy. Disorders were not as grave as expected, although one person was killed and wounded. Numerous arrests were made in various quarters. The balloting was light. The government is assured of a large majority. Giovanni Giolotti, the premier, has been reelected, with many members of his cabinet.

Cold and Rain Is Forecast.

Washington, Oct. 27.—Temperatures below normal, with rains throughout the country, this week were forecasted by the weather bureau.

FIVE-MINUTE CURE IF STOMACH IS BAD

When "Pape's Diapepsin" Reaches Stomach All Indigestion, Gas and Sourness Disappears.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

INCOME TAX REGULATIONS

Revised Rules Are Made Public by Treasury Bureau.

MANY CONFERENCES ARE HELD

Detailed Provisions to Guard Against Duplication of Withholding of Tax. Deductions Begin Next Saturday. Agents Must Obtain License.

Washington, Oct. 27.—The treasury department issued the finally revised regulations for deduction of the new income tax at the source on interest maturing on bonds, notes and similar obligations of corporations, joint stock companies or associations and insurance companies, classed by the department under the general term of "debtor" for the collection purposes.

A tax of 1 per cent will be deducted at the sources, beginning next Saturday, from all income accruing and payable to every United States citizen residing at home or abroad and to every person residing in the United States, though not a citizen, which income may be derived from interest upon bonds and mortgages or deeds of trust or other similar obligations, including equipment, trust agreements and receiver's certificates of corporations, joint stock companies or associations and insurance companies, although such interest does not amount to $3,000, government obligations being excepted. Certificates claiming exemption may be filed by bond-holding individuals.

The coupons and registered interest must be accompanied by certificates of ownership signed by each holder of bonds for each separate issue of bonds or obligations of each debtor. If the coupons are not accompanied by the prescribed certificates, the first bank or collecting agency receiving the coupons for collection or otherwise shall deduct and withhold the tax and attach to the coupons its own certificate, with descriptive memoranda. Debtors, whose bonds must be registered, must deduct a tax of 16 per cent of interest accuring on all bonds before sending out checks for the interest to registered owners, or before paying such interest upon interest orders until proper certificates claiming exemption are filed with the debtor or fiscal agent.

Provision of Regulations.

The tax shall not be withheld, the regulations provide, on coupons or registered interest maturing and payable before March 1, 1913, although later presented for payment.

All persons, firms or corporations undertaking for accommodation or profit the collection of coupons, checks or bills of exchange for payment of interest or dividends upon foreign obligations must obtain a license from the internal revenue commissioner and give bond. These licenses first receiving foreign items for collection will withhold the 1 per cent tax and indorse that fact to subsequent holders or purchasers from withholding the tax. There are severe penalties for knowingly making false statements or misrepresentations to obtain any allowance or reduction for himself or any other person.

Nonresident foreigners are not subject to taxation on income from interest-bearing bonds if they furnish proper certificates.

ASK CHURCH TO GO "DRY"

W. C. T. U. Wants Use of Unfermented Wine at Communion.

New York, Oct. 27.—The convention of the World's Woman's Christian Temperance union adopted a resolution requesting the house of bishops of the Protestant Episcopal church to "consider the propriety" of using unfermented wine at the communion in place of fermented wine, "which contains the narcotic poison alcohol."

The resolution was a substitute for one originally offered setting forth that fermented wine "could not truly represent the blood of Christ."

This phrase was objected to by English delegates, who argued that it would antagonize the Church of England. The English delegates also objected to an amendment declaring that "Jesus commanded unfermented wine in the holy communion."

The request of the Woman's Christian Temperance union reached the Episcopal convention two hours before the time set for adjournment. Rev. Dr. Alexander, chairman of the house of deputies, threw up his hands in a gesture of dismay when he was told of the request.

"The good ladies might just as well not have wasted their efforts," he exclaimed. "Why don't they leave these things alone? Of course we shall not act on it. It is too late now."

Hopes for Church of United States.

Kansas City, Oct. 27.—"The dream of the Congregational church is the unity of the church of Jesus Christ." Rev. Oliver Huckel of Baltimore thus defined the church's position in an address before the national council of the church. "The wisest method of church unity," he said, "is consolidation, with the preservation of the valuable points in each communion, and allowing all churches diversity in worship and work. Such a consolidation would lead to a great national church—the United Church of the United States."

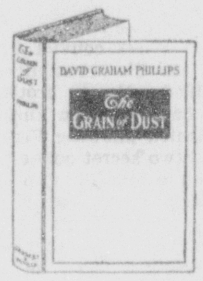
Popular Fiction

25c and 50c

We have a wonderful selection of the most popular books. These books are the masterpieces of five hundred different authors.



Some of these books had a circulation of over 400,000. By buying them in large quantities, we are able to make the unusual prices of

25c and 50c.

There are the powerful works of Harold Bell Wright, namely:

"The Winning of Barbara Worth," "The Calling of Dan Matthews," "The Shepherd of the Hills," "That Printer of Udell's."

We have only the fiction of the highest standard which includes the following well-known books.

"A Spinner in the Sun" ..... by Myrtle Reed
"Wild Olive" ..... by the author of "The Inner Shrine"
"Christmas Eve on Lonesome" ..... by John Fox
"Maggie Pepper" ..... by Charles Klein
"Bought and Paid For" ..... by George Broadhurst and Arthur Hornblow
"The Girl of the Golden West" ..... by David Belasco
"The Grain of Dust" ..... by David Graham Phillips

Joseph McKee returned Saturday from Broken Bow, Neb., where he registered in the land drawing.

MISSOURI IS EGG CHAMPION.

The Poultry Product of the State in 1912 Was 48,500,000.

Poultry and eggs to the value of $48,678,240 were sold in 1912 by the farmers and poultry raisers of Missouri, according to the tentative figures on this industry given out for publication today by John T. Fitzpatrick, commissioner of the bureau of labor statistics.

The bulletin goes on to state that the shipments of poultry, eggs and feathers from the 114 counties of the state to the larger markets for the same year, were worth $30,902,416. These figures were record breakers and, therefore, mean that Missouri is still the "Poultry Queen of the Union," a title which was bestowed four years ago when Missouri took first rank for this industry over all other states.

Eggs bring in more than all poultry, both in live or in dressed form. The shipments amounted to 105,575,757 dozens, which, at 15 cents a dozen, a low wholesale value for the year around, made them worth $15,836,364. Farmers and poultry raisers sold locally 52,787,878 more dozens. When the shipments and home consumption of eggs are added together, it gives sales amounting to 158,363,635 dozens, valued at $23,754,545.

Every county in Missouri is now a poultry producer, but the Ozark section takes the lead in quantity produced and value. Greene county, with Springfield as the center, for 1912, ranks first in the quantity of eggs shipped out. Returns from the railroad and express agents there show that 8,102,460 dozens left that county in the year.

ATTACKS UPON JEWS FEARED IN RUSSIA

Outrages Appear Likely Whatever Result of Beilis Trial.

Kiev, Oct. 27.—As the trial of Mendel Beilis, charged with murdering the Christian boy, Andrew Yushinsky, in March, 1911, proceeds the uneasy feeling is growing that whatever the result, outbreaks against the Jews will follow. Dispatches from various quarters indicate active preparations in this direction.

The "Black Hundred" organ, the Two Headed Eagle, in an inflammatory article, commenting on alleged Jewish threats against Russia published in the Vinnese press, calls on its readers "to remember always and everywhere the infamous words uttered by Jewish publicists and that the Jews dare to insult the sacred name of our adored emperor and menace his sacred person and the whole imperial family."

Vera Tcheberiak's convict brother, Singaievsky, and his accomplice, Rudzinsky, testified. Vera's brother denied that he had ever seen Yushinsky. Rudzinsky denied knowing Vera.

At the trial two secret police agents, in confirming former Chief of Police Krassovsky's evidence, testified that while posing as criminals they had learned from Singalevsky that he, with Rudzinsky and Latizheff, had killed Yushinsky in Vera's house.

The police arrested many persons in the suburbs of Kiev on the charge of attempting to incite riots against Jews.

FORCES WIFE TO FACE PRISON

St. Louis Man Had Her Start Matrimonial Fraud and She Is Arrested.

St. Louis, Oct. 27.—Mrs. Stella Trelleford, twenty years old and the mother of two children, was arrested on a federal indictment, charging her with using the mails to defraud men with whom she carried on matrimonial correspondence.

Many letters and the books in which was a detailed account of correspondence with more than 100 men were seized.

Her husband, who is nineteen years older than she, told the police that an injury to his shoulder made it impossible for him to work at his trade and that he had forced his wife to start a matrimonial bureau, through which she could ask men for money.

PASTOR GLAD HE WAS ROBBED

Pickpocket Takes a Bible Thinking It a Purse.

Cleburne, Tex., Oct. 27.—The Rev. E. E. Dawson, pastor of the Field Street Baptist church, is pleased because he was robbed. He only hopes that the thief will make good use of what he stole. For his pocket was picked of a bible, a compact edition appearing more like a purse, and no doubt the "dip" mistook if for a purse. Mr. Dawson now carries another bible in his pocket and is willing to be robbed again.

Runaway Convicts Captured.

Auburn, Cal., Oct. 27.—William Rodriguez, Tom Samuel and sixteen-year old Norman Hair, three Folsom penitentiary convicts, who escaped from the prison Friday after overpowering Guard Morse and taking his rifle and ammunition, were captured in a house near Rattlesnake bridge, in Eldorado county, by Sheriff McAuley of Placer county and two deputies. The convicts made no resistance.

Wilson Cheered by Southerners.

Atlanta, Oct. 27.—Thousands of southern folk gathered in great cheering throngs to welcome President Wilson to Dixie land as he sped through North and South Carolina and Georgia, en route to the southern commerce commission at Mobile, where he will speak.

HOW A BROOKLYN GIRL

Got Strong and Well Again.

Grace D. Lamb of Brooklyn, N. Y., says: "I was all run down and on the verge of nervous prostration. I could not sleep for pain in my back. In all I was a wreck. A friend told me what Vinol had done for her little girl so I tried it. I noticed an improvement after the first bottle. I could sleep well, my appetite improved, and after taking three bottles I am strong and well again."

Vinol is the most efficient strength creator for such women. It is the medicinal elements of the cod's livers contained in Vinol aided by the blood making and strengthening properties of tonic iron which makes it so far superior to all other tonics to build up health and strength for weak, tired, ailing women. It contains no oil and has a delicious taste.

We give back your money if Vinol does not do all that we claim. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

Mrs. F. W. Vandersloot left Monday morning for a visit with her brother, W. S. A. Hart of Holden, Mo., and with her sisters, Mrs. S. C. Sutton of Kansas City, and Mrs. B. McHatton of Odessa.

Fred Lewis returned Sunday night from a visit with St. Joseph friends since Friday evening. He attended the big ball game Saturday.

THE COUNTRY SCHOOL BUILDINGS

Public Health Board Says the Average District School Building is Unsanitary.

The following article on school sanitation is taken from the Missouri state board of health quarterly bulletin and should be read by every school patron in the county:

A few years ago nearly if not all of the county medical societies of the state made a strenuous endeavor to hold joint public health meetings with teachers' institutes. Some of the more aggressive societies succeeded in holding one, some two meetings—nothing has been heard of them since. The county superintendents gave half-hearted support in a few instances, but in the majority of cases no support was given. The public school teachers were, as a rule, wholly indifferent to the benefits that might have resulted from the scientific study and discussion of school sanitation and school hygiene, and the old-time condition of improperly ventilated and poorly heated and lighted school buildings remains. The average district school building in this state is not a credit to the intelligent citizenship of the commonwealth.

The best index to the community health is the physical welfare of school children," and it may be said that the careless methods of constructing and locating school buildings and the indifferent manner in which wells and privies are placed on public school grounds and cared for, is a sad commentary on the intelligence of boards of education and the patrons of our schools, as well as an evidence of their indifference to the health of the school children of the state.

It is a well known fact that the average teacher in our public schools gives scant attention to the study and teaching of hygiene. Whether this subject is less interesting than others is not known. Some teachers claim that it is neglected because of an overcharged curriculum; that they are required to teach more subjects than the time allowed permits. If the latter is true, in the name of common justice to our children let us change the curriculum and give this, the most important study, the right of way; if the former be true, that it is a less interesting study, something should be done by our textbook commissions to remedy it by selecting such textbooks on hygiene as may be taught and studied with greater interest. While the lack of proper instruction in hygiene in the public schools may be overcome by instruction children receive in their homes, yet nothing that parent or guardian can do at home lessens the danger to the health of the child that is brought about by a source of infection present in or about school buildings and premises. How seldom are school buildings fumigated, even during epidemics of contagious diseases in the community. How frequently do we find a cistern or well so near the privy that contamination of the water is almost certain, or so close to the door of the building that expectoration frequently finds its way into the well. The common drinking cup should be abolished from the school room, for the mouths and noses of children who may have recovered from a number of childhood diseases still harbor the germs, and the drinking cup and towel too often aid in spreading the malady. The eyes of scores of children are permanently damaged by improper lighting of school buildings.

Many a school building in the country is located on a tract of land donated by some generous farmer who does not consider the location with reference to its healthfulness, but rather because it does not mar the beauty of his farm nor deprive him of a fertile acre.

When will the people wake up to the fact that the protection and promotion of the health of the child in our public schools is paramount, and that the very future of our country depends upon the healthfulness of the youth of the land?

GUARDS AND STRIKERS BATTLE IN COLORADO

One Deputy is Killed and One Striker is Missing.

Ludlow, Colo., Oct. 27.—A general battle between strikers, mine guards and deputy sheriffs was waged for twelve hours in Derwin canon, at Hastings, and in the vicinity of the Colorado and Southern station at Ludlow. One mine guard was killed and, according to union men, one striker is missing. The situation is extremely critical.

More than 700 armed strikers are reported to be in the field against the mine guards.

Armed strikers patrol the entire district in the vicinity of Ludlow and communication with the camps of the Cedar Hill, Tollerbugh, Derwin, Hastings, Delegua and Tobasco has practically been cut off.

The firing started in the vicinity of the Colorado and Southeastern bridge, the scene of Saturday's battle. The guards, it appears, retreated in the direction of Cedar Hill and Tobasco.

At daylight the strikers from the Ludlow tent colony made their way along the hills past Cedar Hill to Tobasco and opened a heavy fire on that camp. The guard who was killed was struck while returning the fire of the strikers near the mine tipple at Tobasco.

The final skirmish of the day was an attack by the strikers, near Barnes station, on a passing Denver and Rio Grande train which the strikers declared was carrying nine guards.

JEWELER PROVES BURGLAR

years William Bastian has been ac Gold Without Question.

San Francisco, Oct. 27.—For five Government Mint Accepted Melted cepted by business men of this city as a responsible citizen, with a profitable wholesale jewelry business. His property investments have been numerous and large; thousands of dollars have been sent by him to support his mother in Germany and his young sister has had the best educational and social advantages.

Today he lies in the city prison, a confessed robber with a record covering many years, captured by a pet bull pup who penned him in a corner as he stole through a back yard in the night.

"My work has been so easy it has been laughable," Bastian told the detectives when he finally broke down. "I have never been disturbed while at work. The people I did business with believed me to be what I represented myself absolutely. Jewelers bought my diamonds and the mint took my melted gold without question.

"I have always been a natural thief and I have found it easy to steal things. But I am averse to killing or injuring. I had never been in a position where I had to shoot until Friday. My reluctance to use my revolver caused my capture."

Waterflow Valve Breaks.

Ogden, Utah, Oct. 27.—Breaking of a huge valve controlling the waterflow of the Utah Light and Railway company's power plant on the outskirts of this city wrecked the equipment and badly demolished the building of that corporation, threw two-thirds of Ogden into darkness for nearly six hours, stopped all street car traffic, generally demoralized business and caused the flooding of many blocks surrounding the plant. The total damage is estimated at $150,000.
